## Product description:

Michelangelo is the new dry water system with aluminum fusion designed by Savese.

Its compact size and elegant design make it ideal for all types of environments, not just at home.

Its use is easy and intuitive, and its 3 buttons allow for dispensing 3 different types of water: room temperature, cold natural and cold sparkling.

Thanks to its low energy consumption and the use of eco-friendly R290 gas, Michelangelo is the ultimate Green system that respects the environment.
