Product description:

This is a compact but equally powerful version of our renowned Millennium Bridge.

With a dispensing capacity of up to 6 points and a 5/8" thread, this TOWER is perfect for venues that want to maximize efficiency and reduce space occupancy.

Made of stainless steel, it maintains all the distinctive features of the Millennium Bridge, such as the unique bridge-inspired design, but with a narrower tubular to fit smaller spaces.

The Millennium Bridge Small TOWER is an excellent choice to cleverly combine functionality and style in a compact form.
